PUBLICATION OF THIS DOCUMENT
APPROVED BY THE
SUPERVISOR OF ADMINISTRATION.

The Commonwealth of Massachusetts.

Chapter 217, Gen. Acts of 1917.

AN ACT TO REGULATE THE PREPARATION AND PRINTING OF LISTS OF STATE OFFICIALS AND EMPLOYEES WITH THEIR SALARIES OR COMPENSATIONS.

Be it enacted, etc., as follows:

Chapter two hundred and sixty-eight of the acts of the year nineteen hundred and ten, as amended in section one by chapter forty-three of the acts of the year nineteen hundred and eleven, and by chapter five hundred and thirty-four of the acts of the year nineteen hundred and thirteen, is hereby further amended by striking out said section one and inserting in place thereof the following: — *Section 1.* Every department, board, commission, bureau, office or institution of the commonwealth shall, at such times as the supervisor of administration may require, prepare and furnish to him such information as he may prescribe concerning all officials and employees of the commonwealth employed in or by such department, board, commission, bureau, office or institution for whose services money has been paid from the treasury of the commonwealth. Such information shall be collected at least once in every fiscal year and shall cover the fiscal year preceding. From the information so collected the supervisor shall keep a record, open to public inspection, showing the name, residence, designation, rate of compensation and date of appointment or qualification of every such official and employee, and any increase in the rate of salary or compensation paid to him during the preceding fiscal year. The record shall also contain such other information concerning such officials and employees as, in the opinion of the supervisor, may be desirable. It shall be the duty of the auditor of the commonwealth, upon request of the supervisor, to verify a list of officials and employees, the amounts and rates of compensation and other information concerning payments to officials and employees about whom information is furnished. The supervisor shall compile such information concerning the officials and employees in the service of the commonwealth on the thirtieth day of November in the year nineteen hundred and seventeen as, in his opinion, may be of public

interest, and the said information shall be printed at the expense of the commonwealth not later than the fifteenth day of April in the year nineteen hundred and eighteen. Thereafter information on the same subject shall be compiled by the supervisor, and printed not later than the fifteenth day of April in each even numbered year. The document so published shall contain such summary and comparative tables as will best show the numbers of officials and employees in the service of the commonwealth during the two years for which the publication is issued, and during the preceding period of two years, to be arranged in such manner as will make them of the greatest practical utility. The document may be revised or rearranged from time to time at the discretion of the supervisor. [*Approved May 2, 1917.*]

SUPERVISOR OF ADMINISTRATION

The Commonwealth of Massachusetts

Chapter 217, Gen. Acts of 1917.

AN ACT TO REGULATE THE PREPARATION AND PRINTING OF LISTS OF STATE OFFICIALS AND EMPLOYEES WITH THEIR SALARIES OR COMPENSATIONS.

Be it enacted, etc., as follows:

Chapter two hundred and sixty-eight of the acts of the year nineteen hundred and ten, as amended in section one by chapter forty-three of the acts of the year nineteen hundred and eleven, and by chapter five hundred and thirty-four of the acts of the year nineteen hundred and thirteen, is hereby further amended by striking out said section one and inserting in place thereof the following:— *Section 1.* Every department, board, commission, bureau, office or institution of the commonwealth shall, at such times as the supervisor of administration may require, prepare and furnish to him such information as he may prescribe concerning all officials and employees of the commonwealth employed in or by such department, board, commission, bureau, office or institution for whose services money has been paid from the treasury of the commonwealth. Such information shall be collected at least once in every fiscal year and shall cover the fiscal year preceding. From the information so collected the supervisor shall keep a record, open to public inspection, showing the name, residence, designation, rate of compensation and date of appointment or qualification of every such official and employee, and any increase in the rate of salary or compensation paid to him during the preceding fiscal year. The record shall also contain such other information concerning such officials and employees as, in the opinion of the supervisor, may be desirable. It shall be the duty of the auditor of the commonwealth, upon request of the supervisor, to verify a list of officials and employees, the amounts and rates of compensation and other information concerning payments to officials and employees about whom information is furnished. The supervisor shall compile such information concerning the officials and employees in the service of the commonwealth on the thirtieth day of November in the year nineteen hundred and seventeen as, in his opinion, may be of public interest,

and the said information shall be printed at the expense of the commonwealth not later than the fifteenth day of April in the year nineteen hundred and eighteen. Thereafter information on the same subject shall be compiled by the supervisor, and printed not later than the fifteenth day of April in each even numbered year. The document so published shall contain such summary and comparative tables as will best show the numbers of officials and employees in the service of the commonwealth during the two years for which the publication is issued, and during the preceding period of two years, to be arranged in such manner as will make them of the greatest practical utility. The document may be revised or rearranged from time to time at the discretion of the supervisor. [*Approved May 2, 1917.*]

PUBLICATION OF THIS DOCUMENT
APPROVED BY THE
SUPERVISOR OF ADMINISTRATION.

The Commonwealth of Massachusetts

Chapter 7, Section 10, General Laws.

The supervisor shall collect at least once in every fiscal year such information relative to certain officials and employees of the commonwealth as shall be furnished to him under section thirty-eight of chapter thirty, which shall cover the fiscal year preceding. From the information so collected he shall keep a record, open to public inspection, showing the name, residence, designation, rate of compensation and date of appointment or qualification of every such official and employee, and any increase in the rate of salary or compensation paid him during the preceding fiscal year. The record shall also contain such other information concerning such officials and employees as, in the opinion of the supervisor, may be desirable. The state auditor shall, upon request of the supervisor, verify a list of such officials and employees, the amounts and rates of compensation and other information concerning payments to officials and employees about whom information is furnished. The supervisor shall, on or before April fifteenth in each even numbered year, publish a document containing such information concerning said officials and employees in the employ of the commonwealth on the preceding November thirtieth as, in his opinion, may be of public interest. Said document shall contain such summary and comparative tables as will best show the numbers of officials and employees in the service of the commonwealth during the two years preceding said November thirtieth, and during a further period of two years prior thereto, to be arranged in such manner as will make them of the greatest practical utility. The document may be revised or rearranged at the discretion of the supervisor.

GRAND SUMMARY.

NOTE.—General Acts of 1919, chapter 350, provided for the consolidation of departments, boards and commissions, and in some cases for the transfer of duties. The figures shown below charge against the present departments or boards the amounts expended by their predecessors. In several instances it has been impossible to determine exactly the amount which should be thus transferred for the years 1918 and 1919. Consequently, the years 1920 and 1921 are the only ones which furnish a true basis for comparison. One example is the Superintendent of Buildings, a large portion of whose duties were previously assigned to the sergeant-at-arms, the expenses of which are included in the totals of the Legislative Department for 1918 and 1919. Another case is the Bureau of Statistics, whose duties were divided between the Secretary of State, the Department of Corporations and Taxation and the Department of Labor and Industries. The totals of this Bureau for 1918 and 1919 have been included to give a correct grand total of personal services, but the increased expenses of the said departments for 1919, as shown by the above table, may be explained at least in part by the said transfer of duties.

	Number of Officers and Em-ployees Nov. 30, 1918.	Total Amount paid for Personal Services Dec. 1, 1917 to Nov. 30, 1918.	Number of Officers and Em-ployees Nov. 30, 1919.	Total Amount paid for Personal Services Dec. 1, 1918 to Nov. 30, 1919.	Number of Officers and Em-ployees Nov. 30, 1920.	Total Amount paid for Personal Services Dec. 1, 1919 to Nov. 30, 1920.	Number of Officers and Em-ployees Nov. 30, 1921.	Total Amount paid for Personal Services Dec. 1, 1920 to Nov. 30, 1921.
